

Our flexibility is our strength

New office in Gothenburg

Johan Lundmark, previously from companies Interbulk and Tony's trailer, with extensive experience in tanker and bulk transport, has been recruited by GDL Transport AB.

Johan will be based in Gothenburg, and share office space with sister company, RGS 90. Together with Johan as manager in Gothenburg, we create more options to improve our tank / bulk division for our suppliers and customers.

We wish to extend the already excellent cooperation, provide better service to existing and new customers.

Johan will also be responsible for other transportation missions in Gothenburg.
